

Special City Council Meeting Summary for January 26, 2010

A special meeting was called to review \$19,000 of missing funds by Curt Dumas Director Department of Public Works. As of Monday January 25, 2009 Curt Dumas resigned his position now being investigated by the FBI and the State Police.

Questions were brought to the City Manager, Financial Director, and Assistant City Manager/ Human Resource Director as to why this could have happened. The matter will have to be evaluated internally and a proposal to have a forensic audit was put out on the table. The Mayor, City Manager, and Assistant City Manager/ Human Resource Director all said that January 22, 2009 was the first time they have ever heard of the incident.

City Manager stated that he has an open door policy and that if anything of impropriety is taken place he hopes that residents, employees, and city officials would please step forward. Unfortunately, the open door policy has not been the case for a very long time.

Further details will be provided as to the status of the investigation and hopefully be brought in front of the public.

It will be interesting to see what transpires in the upcoming budget meetings for the next fiscal year.
